Coombs FAMILY FARMS

Seven Generations of
Exceptional Maple Syrup

Origin: Canada

Pure Maple Syrup

From Delicate to Robust | 100% Pure

- ❖ Like coffee, maple offers a wide variety of flavor notes and colors, from the early season Golden Color, Delicate Taste maple syrup that we used to call "Fancy" to the stronger flavor of Dark Color, Robust Taste maple syrup chefs find perfect for their recipes.
- ❖ Grade A Amber Color Rich Taste
- ❖ Verified Non-GMO
- ❖ No artificial flavors, preservatives or dyes
- ❖ Tree Farm is pesticide free
- ❖ **The Original Natural Sweetener** - Pure Maple Syrup is a "natural" food, processed by heat concentration of pure maple sap, which is the nutrient liquid utilized by the plant for the annual growth of its tissues.
- ❖ **Amber Color and Rich Taste:** This amber colored syrup has a full-bodied and rich flavor. This grade is great as a topping and in coffee & tea.

By choosing Coombs Family Farms products, you're helping to sow the seeds for a healthier, more sustainable society. And that's no drop in the bucket.

Did you know...

A tree takes approximately 40 years to be big enough to tap for maple syrup. In order to get those massive quantities of maple sap, you have to start with a mature sugar maple tree, and that takes about 40 years. Anything younger than that just won't work very well.
