Welcome Race Fans to the Five Star Liquor Stratford Speedway for our January 4 the event that is kindly sponsored by Sharpe Engineering Solutions. Logan and the team at SES can assist you with all manner of engineering requirements. Check out their ad in this program and give the team a call if you need any work done.

Unfortunately the weather was just too wet on Boxing day and we were unable to get our event run. But, we're going to make up for it tonight with an action packed meeting and full fields! Over forty Stockcars will race for their King of the Mountain Champs with drivers spilt into qualifying groups before the top thirty take part in the one race final. A decent number of Superstocks will contest the King of the Mountain Champs which will culminate with one twenty lap race to see who takes home the 1k prize money sponsored by Fletcher Easysteel. Saloons will also race for their King of the Mountain Champs, Youth Ministocks for their City of New Plymouth Classic while Modifieds will compete for the Plant and Fabrication Services Taranaki Champs over three heats before racing for the highly sought after Ginge Hayward Memorial. The grids for the Ginge Hayward will be reverse of the finishing order of the Taranaki Champs - effectively the fastest car will be at the rear of the field! F2 Midgets will make one of their only appearances here this season and the Demolition Derby, that will see drivers crash and bash their way around the track to be the last car mobile and take home \$500 will be the last event of the night. There are also two stirrers prizes of \$250 up for grabs and a \$200 prize for the best presented derby car so plenty for these drivers to be chasing!

Well done to John Jackson and Carl Hinton who finished second and third respectively in the M.C Fale Transport/Gibbons Contracting North Island Modified Championship that we held here on December 14 th and congratulations too, to the Stratford Stormers Stockcar team (Lucas Hey, Tyler Walker, Caleb Coxhead, Haydn Barker, Steve Reed, Taylor Lampp and Manager John Booker) who won the Stockcar Teams Invasion in Palmerston North On December 14th .

If you get a spare moment, take the opportunity to check out the souvenir shop. We have all our usual merch available there including some old season stock of Hoodies and T-shirts that we are clearing before our new stock arrives - Hoodies \$40 and T-Shirts \$25.

You can keep up with what's happening each week and purchase online tickets at our website [www.stratford-speedway.co.nz](http://www.stratford-speedway.co.nz) or follow our Five Star Liquor Stratford Speedway page on Facebook to find information and enter competitions to win passes.

That's about it from us, so sit back, relax and enjoy your night at Speedway. We hope you enjoy your time here and look forward to hosting you again soon!

# SPEEDWAY 101

## ***SO YOU HAVE NEVER BEEN TO SPEEDWAY BEFORE,***

well, you're in for a treat tonight. Stratford Speedway has been around for over fifty years with racing starting on this site way back in 1964. A variety of classes have raced throughout that time, some no longer exist while some have evolved into what you will see on the track tonight.

These days, nine different classes race at Stratford Speedway, with up to six of these racing on any given night. From time to time, other invitational classes will make an appearance while other feature events are held throughout the season including among other things, Demolition Derbies and Stockcar Soccer.

### ***THE RACES:***

The most common duration for race length is ten laps. Superstocks, Stockcars, Streetstocks and the Adult Ministocks all begin their race from a standing start at the start line which is in front of the grandstand. All the other classes – Modifieds, Midgets, Saloons, Minisprints and Youth Ministocks will start from a rolling start. The field will follow the pace ute around the track until it pulls off at turn two at which point the drivers know they are about to start. The lights will go green and the race starts coming off turn four.

The races may be stopped or slowed at any time due to crashes or incidents. Most classes will stop when the officials activate the red lights however the Modifieds, Midgets, Minisprints and Saloons don't run the red light and will slow when the yellow comes on. Competitors will circulate slowly until the race is restarted which will be done in a single file format.

### ***RACE RADIOS:***

All classes run these. Officials will communicate with drivers via the radios to advise them of impending red or yellow lights, to move to correct grid positions and so on. The radios are one way only and the competitors can't talk back to the officials.

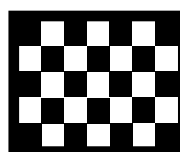

### ***RACE CONTROL SIGNALS:***

# THE CLASSES

## **SUPERSTOCKS** **Repco**

Without doubt this is the premier contact class in New Zealand Speedway. The cars are fast, expensive, and heavy (weighing in at between 1400 and 1500 kg's). Drivers are not only permitted to, but encouraged to hit each other (in their cars of course). The cars run a variety of engines but Nissan and Toyota V8's are the most popular at this point in time.

## **STOCKCARS**

Looking just like the Superstocks, these cars have more restrictive rules in place to keep the cost down. The cars are still quick, still heavy and the drivers still like to hit each other, in fact more so than the Superstocks due to the lesser amount of money involved. Engines popular in this class include 6 cylinder Ford and Holden's, although almost every manufacturer can be found somewhere in the class.

## **MODIFIEDS**

Wild things with big wings! Modifieds are a spectacular class. The cars run big tyres, big wings and big Methanol breathing engines that produce well over 600 horsepower. The wings on the cars help them to corner extremely efficiently and this makes for very fast and spectacular racing.

## **SALOONS**

One of the few classes that on appearance resemble a road going car. However, closer inspection will reveal anything but. The cars run space framed pipe chassis, run mostly V8 engines running on Avgas and produce somewhere around the 500 horsepower mark.

## **SUPER SALOONS**

At first glance, they may resemble a saloon, but unlike a traditional saloon, these vehicles run on methanol and feature adjustable suspension, larger rear tyres, and more powerful engines. They also boast a distinctive body shape, enhanced by the addition of a plastic wedge front clip nose cone that adds to their unique style.

# THE CLASSES

## **STREETSTOCKS** **HOLDIN HEAVEN**

A budget racing class that is effectively road going cars altered into racing machines by removing windows, door cards, seats etc and installing a roll cage along with a few race parts. Holden commodores and Ford Falcons are particularly popular in this class. Light contact (tap and spin) is permitted.

## **YOUTH MINISTOCKS**

A class for kids between the ages of twelve and sixteen to race in. The cars are similar in appearance to Superstocks and Stockcars but only run 1200cc Datsun and Toyota engines. Cars are built almost identically and run to strict racing rules with no contact permitted. The young drivers learn valuable car control skills before they even get their road license.

## **ADULT MINISTOCKS** **TH TOOL HIRE TARANAKI**

Identical cars and rules to the Youth Ministocks but with no age restrictions. Good for new drivers on a budget to get out on the track and learn race craft.

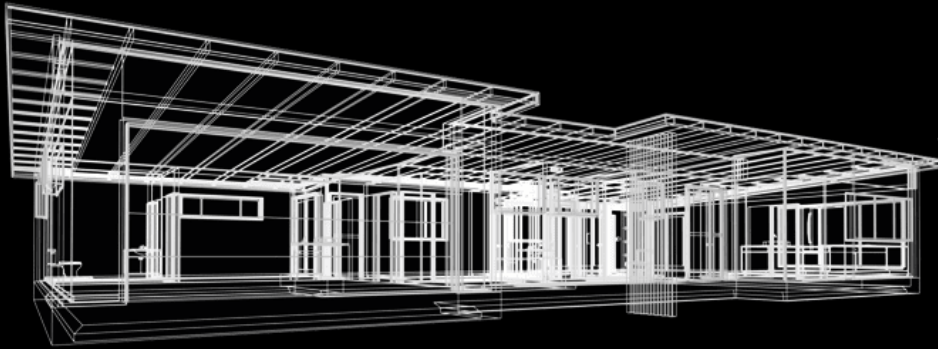

## **zodiacsigns** **MINISPRINTS**

Similar in appearance and size to the Midgets but running smaller engines and front and top wings. Although they have less power, the wings help the cars to corner and ensures that their lap times are on a par with the Midgets.

# TARANAKI DRIVERS ON PODIUM

Taranaki Modified competitors John Jackson and Carl Hinton raced well to come home second and third respectively in the M.C Fale Transport/Gibbons Contracting North Island Modified Championship that was held at Five Star Liquor Stratford Speedway on Saturday night. Jackson, who was the defending champion made up six positions in race one to finish fifth from grid eleven, came home second in race two from grid four and third in race three from grid seven while Hinton finished third in race one from grid nine, won race two from grid two and placed seventh in race three from grid eleven.

Despite the many cars that they passed or the incredibly fast speed that they were racing at, it was Auckland racer Cody Hata who was the bravest and fastest on the night, making daring outside passes and doing the work he needed to do to ensure he was on the top step of the podium at the completion of the three twenty lap races. Hata recorded second in race one, sixth in race two and won race three from grid four on his way to victory lane.

On the same night both the Streetstock and Stockcar classes raced for their Best Pairs trophies. Jared Pryce and Blair Ladd were the most consistent drivers in the fourteen car Streetstock field that relished the smooth track left by the Modifieds with the whole class racing with speed all night. The pair claimed first place ahead of Dylan Smith and Dillan Pirimona who were second and Shaun Hall and Liam Williams where third.

A full field of thirty Stockcars contested their event with Kylee Symes and Phillip Gargan showcasing great race craft that included Gargan taking a shot at Mark Woods to ensure they stayed at the top of the table and won the Best Pairs. Tony Milham and Mark Woods were second while Bevan Phillips and Zac Reid nabbed third place.

Adult Ministocks raced for their City of New Plymouth Classic event. Brayden Shaw, running a fresh new engine, displayed good speed to finish third in race one before winning the next two to win the event by three points from Kurt Gardiner who beat Bronson Pierce in a run off after the two were tied on points.

Seventeen Superstocks were on hand and raced three heats before competing in the Central Taranaki Electrical 1k feature that was won by Blair Uhlenberg who pocketed \$300. \$700 was up for grabs for the driver finishing in position ten in the twenty lap race and this was secured by Hamish Booker on the last lap when Mike Kiser who was running ahead, coasted to the infield on the last lap.

# **JUNIOR SUPPORTERS CLUB**

The GJS Junior Supporters Club is available to children aged 14 years and under. The fee is \$30 which gives members entry to the track and all club competitions for the season.

You can join by going to the 'Membership' page at [www.stratford-speedway.co.nz](http://www.stratford-speedway.co.nz) or simply [click here](#).

An advertisement for a souvenir shop. It features two people wearing black hoodies with 'Stratford Speedway' and 'NZ Modified Championship' logos. The background is an aerial view of the Stratford Speedway track. In the top right corner, there is a logo for 'Roofing Industries' with the website 'roof.co.nz'. The text 'SOUVENIR SHOP' is written in large, bold, yellow-outlined letters across the middle. Below it, the text reads: 'HEAD ON OVER TO THE CONTAINER SHOP ON THE ENTRY TO TURN ONE FOR SOME STRATFORD SPEEDWAY MERCH OR A POSTER OF YOUR FAVOURITE DRIVER!'. At the bottom, it says: 'Clearance on last seasons Stratford Speedway and NZ Modified Championship Hoodies and T-Shirts. \$40 per hoodie and \$25 per T-shirt.'
