PIT TORQUE

Welcome Race Fans to Five Star Liquor Stratford Speedway for tonight's event that is sponsored by the team La Nuova. La Nuova offer specialist dry cleaning services in Taranaki as well as providing workplace rental and laundry solutions and provide laundromats that are open 24/7 throughout the Taranaki region. If you need your laundry sorted, La Nuova are the team to see.

Tonight's event is our last one of the season and we have some great events lined up to bring the action!

Superstocks will race for their Best Pairs trophy over three heats before all pairs race in the Pairs Shootout that will see the lowest points scoring pairs start first with the highest points scoring at the end. Two vs Two over three laps, it's going to be awesome. To add to the excitement, many of the local drivers have paired with visiting cars so we have a decent field on hand including New Zealand Champion Todd Hemingway from Tauranga and popular drivers Asher and Ethan Rees! A heap of sponsors have come on board to support the pairs event so big thanks to them - Roofing Industries, Nitro Windscreens, Lloyd Gernhoefer Contracting, Marriner Groundspread and Force Industries, you're all awesome.

Modifieds will race for their King of the Mountain Champs with their format being different to usual. Drivers will race two heats, front and reverse grids before taking part in a pole shuffle. Winner of the pole shuffle will choose grid one or grid two for the final. Thanks for Hymark Central for supporting the pole shuffle.

Shane Denham has put together a great package for the Stockcar drivers as they race for the last time this season at home. Over \$3500 in money and prizes is up for grabs. Drivers will race two twelve lap heats, front and reverse grid and then a twenty lap final that is reverse grid meaning the highest points scorers will start at the rear of the field and the lowest points scorers at the front! There are prizes for top points overall, the 20 lap final winner, fastest lap from all three races, hard luck and spot prizes. Again, big thanks to the sponsors that have come on board to make this happen - Repco, USA Specialty Products, Zodiac Signs, R&R Mechanical, Hawera Automotive, Dicksons Service Centre, Shingleton Engineerin, Stratford Automotive and Lintern Engineering. Awesome work team!

Adult and Youth Ministocks will round out the racing before the car crunching Demolition Derby takes place as the last event of the night and the season. Thank you to all our supporters, volunteers, staff, sponsors, drivers, crew and anyone else who has had input throughout the season. You all help to make Five Star Liquor Stratford Speedway the awesome place that it is.

Well done to our drivers who have achieved results thought the season, either at home, at national titles or at other tracks. Our competitors have raced all over the North and South Island, wearing their 'S' with pride.

That's about it from us, so sit back, relax and enjoy your night at Speedway. We hope you enjoy your time here and look forward to hosting you again next season.

SPEEDWAY 101

SO YOU HAVE NEVER BEEN TO SPEEDWAY BEFORE,

well, you're in for a treat tonight. Stratford Speedway has been around for over fifty years with racing starting on this site way back in 1964. A variety of classes have raced throughout that time, some no longer exist while some have evolved into what you will see on the track tonight.

These days, nine different classes race at Stratford Speedway, with up to six of these racing on any given night. From time to time, other invitational classes will make an appearance while other feature events are held throughout the season including among other things, Demolition Derbies and Stockcar Soccer.

THE RACES:

The most common duration for race length is ten laps. Superstocks, Stockcars, Streetstocks and the Adult Ministocks all begin their race from a standing start at the start line which is in front of the grandstand. All the other classes – Modifieds, Midgets, Saloons, Minisprints and Youth Ministocks will start from a rolling start. The field will follow the pace ute around the track until it pulls off at turn two at which point the drivers know they are about to start. The lights will go green and the race starts coming off turn four.

The races may be stopped or slowed at any time due to crashes or incidents. Most classes will stop when the officials activate the red lights however the Modifieds, Midgets, Minisprints and Saloons don't run the red light and will slow when the yellow comes on. Competitors will circulate slowly until the race is restarted which will be done in a single file format.

RACE RADIOS:

All classes run these. Officials will communicate with drivers via the radios to advise them of impending red or yellow lights, to move to correct grid positions and so on. The radios are one way only and the competitors can't talk back to the officials.

THE CLASSES

SUPERSTOCKS **Repco**

Without doubt this is the premier contact class in New Zealand Speedway. The cars are fast, expensive, and heavy (weighing in at between 1400 and 1500 kg's). Drivers are not only permitted to, but encouraged to hit each other (in their cars of course). The cars run a variety of engines but Nissan and Toyota V8's are the most popular at this point in time.

STOCKCARS

Looking just like the Superstocks, these cars have more restrictive rules in place to keep the cost down. The cars are still quick, still heavy and the drivers still like to hit each other, in fact more so than the Superstocks due to the lesser amount of money involved. Engines popular in this class include 6 cylinder Ford and Holden's, although almost every manufacturer can be found somewhere in the class.

MODIFIEDS

Wild things with big wings! Modifieds are a spectacular class. The cars run big tyres, big wings and big Methanol breathing engines that produce well over 600 horsepower. The wings on the cars help them to corner extremely efficiently and this makes for very fast and spectacular racing.

SALOONS

One of the few classes that on appearance resemble a road going car. However, closer inspection will reveal anything but. The cars run space framed pipe chassis, run mostly V8 engines running on Avgas and produce somewhere around the 500 horsepower mark.

SUPER SALOONS

At first glance, they may resemble a saloon, but unlike a traditional saloon, these vehicles run on methanol and feature adjustable suspension, larger rear tyres, and more powerful engines. They also boast a distinctive body shape, enhanced by the addition of a plastic wedge front clip nose cone that adds to their unique style.

THE CLASSES

STREETSTOCKS **HOLDIN HEAVEN**

A budget racing class that is effectively road going cars altered into racing machines by removing windows, door cards, seats etc and installing a roll cage along with a few race parts. Holden commodores and Ford Falcons are particularly popular in this class. Light contact (tap and spin) is permitted.

YOUTH MINISTOCKS

A class for kids between the ages of twelve and sixteen to race in. The cars are similar in appearance to Superstocks and Stockcars but only run 1200cc Datsun and Toyota engines. Cars are built almost identically and run to strict racing rules with no contact permitted. The young drivers learn valuable car control skills before they even get their road license.

ADULT MINISTOCKS **TH TOOL HIRE TARANAKI**

Identical cars and rules to the Youth Ministocks but with no age restrictions. Good for new drivers on a budget to get out on the track and learn race craft.

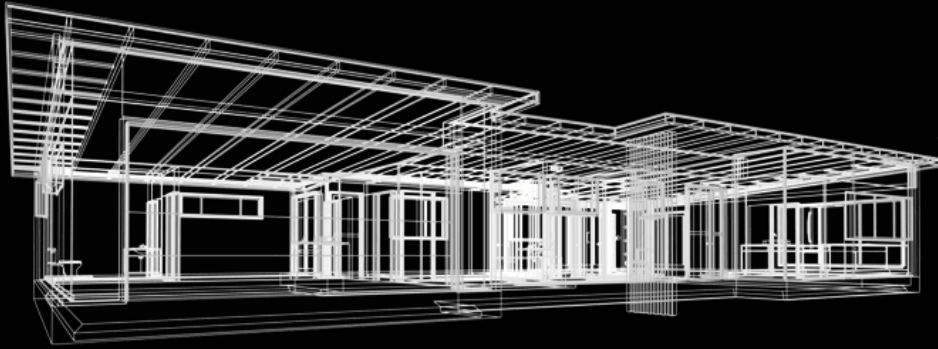

zodiacsigns **MINISPRINTS**

Similar in appearance and size to the Midgets but running smaller engines and front and top wings. Although they have less power, the wings help the cars to corner and ensures that their lap times are on a par with the Midgets.

LOCAL TEAM SNARES VICTORY

The inaugural Pick A Part West Coast Streetstock teams champs was run at Five Star Liquor Stratford Speedway last Saturday night with four teams taking to the track in the quest for glory and victory. The teams were Rotorua Ratbags, Tamarua Terrors (Wellington), Canterbury Cobras and the local team the Stratford Sharks.

Once the Cobras entered the event, it was almost a forgone conclusion as to who the winners would be. South Island Streetstocks race hard, they race fast, and they do plenty of teams racing which meant they would be very hard to beat.

However, the Stratford Sharks showed true grit and determination and also raced like seasoned campaigners to overcome all obstacles and win the event. The Sharks had a great first race against the Tamarua Terrors, taking a comfortable win and securing positions one and two in the race before losing to the Ratbags in their second race. They did however fill positions two through five which gave them the largest combined points haul of the night and secured their place in the final against the Cobras. In the final, the Sharks were going well against the Cobras but once the Canterbury blockers latched onto race leader for the Sharks Dillan Smith, and held him up for a long time it wasn't looking good for the local team. Some superb blocking from the Sharks Shaun Hall and Jared Pryce held up the Cobras runners long enough though for Chris Deveraux (Sharks) and Smith to gain the lead back in the closing stages of the race and take a delightful win and a trip straight to the top step of the podium. The Rotorua Ratbags were third overall behind the Cobras.

Bradley Korff was once again the dominating force in the Saloon car racing, winning the Sam Korff Memorial which was run over two heats by a one-point margin after placing first in race one and winning race two. Thomas Korff ran away from the field to win race one but couldn't really make any forward ground in race two and had to settle for second overall ahead of his father Craig. Bradley Korff also won the Plews Memorial which was a one race deal, after starting from grid two and leading the race from start to finish. Thomas Korff was again second while Palmerston North race Jonathan Mason was able to stop the second Korff trifecta of the night when he finished third after a solid drive.

A near full field of Stockcars raced for the Warren Lowry Stirrers Memorial. Races were won by Ryan Nolly, Bevan Phillips and Mark Woods. There were a number of race stoppages due to on track action that included cars being put up the wall and some decent hits throughout the field. Bryce Jensen was awarded the stirrers prize for his on-track antics.

Superstocks and Youth Ministocks also raced on the night with Superstock races being won by William Hughes (2) and Brad Uhlenberg while Ministock races were won by Angus Mulholland, Quinn Turner, Blake Luscombe and Lainey Hancock.
