| Units per carton | 13 |
| Cartons per pallet | 128 |
| Shelf life | 18 months |
| Storage conditions | 18 +/- 3 |

0970

MILK CHOCOLATE. HEAT RESISTANT

Milk chocolate that, thanks to a special recipe and technology, keeps its taste and shape at temperatures up to +40 °C

| | |
|--------------------|-----------|
| Weight of unit | 80 g |
| Weight of carton | 1,04 kg |
| Units per carton | 13 |
| Cartons per pallet | 128 |
| Shelf life | 18 months |
| Storage conditions | 18 +/- 3 |

Heat-resistant chocolate is an innovative development by the technologists of ROSHEN Confectionery Corporation. This is true chocolate that does not change its shape or taste at high temperatures thanks to a special recipe and technology.

Dark heat-resistant chocolate doesn't melt at temperatures up to +50 °C, and milk chocolate doesn't melt up to +40 °C. At the same time, it meets all standards (EU Council Directive 2000/36; CODEX STAN 87-1981) and contains no palm oil or vegetable fats.

The chocolate is formed as bite-size spheres and individually wrapped, which makes it very convenient to consume. You can take it with you anywhere right in your pocket: in winter while skiing, in summer on hikes, when hunting or fishing, to the beach, leaving it under the windshield or in the trunk of a car, storing it on a shelf in the kitchen, placing it on a windowsill at home – without worrying that the chocolate will melt, run, or stain your hands or belongings.

True chocolate with a refined taste. Take it anywhere. Enjoy it everywhere.

CHOCOLATE BAR

9937

BATON DOUBLE PEANUTS

Milk chocolate bar with salted peanuts and peanut filling

| | |
|--------------------|-----------|
| Weight of unit | 29 g |
| Weight of carton | 5.22 kg |
